1 MR. EYmann: Sorry.

2 Q (By Mr. Eymann) When you say it was in the area, do  
3 you remember whether or not he was -- in any way had his  
4 head through any portion of the bike rack that's depicted  
5 in Exhibit Number 6?

6 A No.

7 Q Do you know exactly where he was?

8 A So just for clarity, that's not a bike rack.

9 Q Okay. Well, wheelchair rack, right?

10 A Sure.

11 Q Thank you for the correction. Was he anywhere near  
12 the wheelchair rack?

13 A I recall him leaning up against this rack, yes.

14 Q Was he standing or was he on the ground?

15 A He was standing.

16 Q Was there anyone else around him when you saw him?

17 A No, that became part of our conversation.

18 Q Your conversation with Mr. Wright?

19 A Briefly, yes.

20 Q Okay. And what did you say to him and what did he  
21 say to you, if you can remember?

22 A I asked him if there was anyone there to pick him up,  
23 and he said no. And I think the reason why I stopped is  
24 because he just wasn't moving. He was just standing  
25 there.

1 Q At that time did he show you some cuts or bruises on  
2 his head?

3 A I did see some -- a bloody spot on his head.

4 Q And as a nurse, did that concern you?

5 A Yes.

6 Q Okay. Did he say anything about how he came to have  
7 a bruise or a cut on his head?

8 A He did not.

9 Q What prompted you to -- or, what did you do next?

10 A So this is not an untypical situation. He had this  
11 -- you know, it looked like a small laceration on his  
12 head. And I said, "Hey," you know, "are you going to be  
13 all right with that?"

14 And he was -- he seemed unclear about his  
15 situation. I asked him who is there to pick him up. And  
16 he was kind of unable to articulate that, and he kind of  
17 implied to me that he was driving. And I said, "We  
18 should probably just get that patched up."

19 So I put him in a wheelchair and took him  
20 back inside.

21 Q And you cannot remember whether there was a  
22 wheelchair already there or you went to get one?

23 A I can't remember. I want to say there was, but I  
24 can't honestly remember.

25 Q What you seem to describe based upon your testimony

1 Q (By Mr. Eymann) How long was the meeting?

2 A It wasn't a meeting.

3 Q Okay. Rephrase. How long was the conversation?

4 A Three, four minutes.

5 Q All right. How would you describe Mr. Wright's  
6 posture, as you said he was leaning up against the --

7 Did you say the wheelchair rack?

8 A Yes.

9 Q What was his posture?

10 A I would say, you know, less than fully erect, less  
11 than --

12 Something drew my attention to him, and it  
13 didn't look like he was making any progress toward a  
14 vehicle or something of that nature. Stalled.

15 Q When you came up to him, you observed blood on his  
16 forehead?

17 A Yes.

18 Q Can you show me where on your head you saw the blood?

19 A Yeah. I couldn't recall the side, left or right, but  
20 it was kind of off to the -- you know, off to the temple  
21 area.

22 Q And you just pointed above your temple --

23 A Correct.

24 Q -- on the left side of your head. That's your best  
25 memory?
